Abstract. This document provides information and instructions for preparing the Abstracts of *ECCOMAS CMCS 2023 Conference*.

Communications consist into a maximum two-page abstract, possibly containing a figure and references. Figures can be included as follows.

The following example is a single line equation:

$$Ax = b \tag{1}$$

Tables can be included as follows:

Table 1: Example of the construction of one table

C11	C12	C13
C21	C22	C23
C31	C32	C33
C41	C42	C43
C51	C52	C53

References can be quoted in the text by [1, 2].

Figure 1: Microcracking in concrete.
